I am originally from Bangladesh and have been in the USA for over 30 years. My wife and I have always wanted to retire in the GA mountains, and we moved into our forever home here in Lake Arrowhead in April 2023.

I completed my college and master's degree in Bangladesh and was part of several entrepreneurships including managing a company for almost 15 years. I have been part of CarMax for the last 23 years as a manager overlooking and managing the entire alternative delivery initiatives for the company.

Since moving to Lake Arrowhead, I have been part of the Tennis and Pickle ball group and love the people that I have met and look forward to being more actively involved with this beautiful community. I am a people person and know what it takes to influence and motivate a group of people and know that I can use my skills and knowledge to make this place a better place for all of us to have a sense of belonging.

I love it here at "LA", and this is a beautiful place. I am here to offer my help and support to this beautiful place that we call HOME.
