

Steve Therneau

161 Ridgewood Dr.

Waleska, GA 30183

I am still working as a VP of Quality for a Ball Ground based manufacturing organization. I was recruited to the Georgia location in 2006 and have lived in Cherokee County since that time.

I have held management positions for several companies throughout my fifty plus year career. In addition, I have served as an officer in multiple youth sports organizations. I have also served on the Board of Directors for the Burnt Mountain Center for handicapped adults, ultimately serving as the Chairman and CEO for several years.

My HOA experience has been at Hampton Station where I served as Chair of the Advisory Committee and Covenant Committee for about six years. We worked as a neighborhood HOA until the community was handed over to the property owners.

I recently moved to Lake Arrowhead. I have not been able to take full advantage of the many amenities but am participating as I can.

I have always felt that you must be willing to participate if you expect high quality services. That is why I offer my experience if the organization feels I can contribute.
