

Walter Craig Lownes

125 Delaney Pine Dr.

Waleska, GA 30183

Since moving to Atlanta in 1974, I have seen the city change greatly. I lived in Gwinnett for 30 years before deciding to move out of the traffic and sprawl. My wife and I considered many communities, but decided Lake Arrowhead would be the peaceful home we desired and moved in December 2022. A year later, I retired to enjoy the gifts of Lake Arrowhead.

I worked for 46 years supporting Information Technology activities. My career started as a coder and progressed to managerial roles. I worked in finance, retail, manufacturing, insurance and technology for companies like IBM, Georgia Pacific, Macys, and Coke.

At my previous neighborhood, I was an active member of the HOA supporting the finance, amenities and social committees for most of the years I lived in the community. I was presented a lifetime volunteer award from my neighbors. I was also active in the Gwinnett Public Schools serving on multiple public committees and addressing the board hundreds of times on budget, policy and procedural items.

I feel like I have experience to contribute to my community and would like to do my part to continue the strong stewardship of the past leaders.
