Steve Slifer

158 Broadwater Court

Waleska, GA 30183

Susan and I have had a home at Lake Arrowhead since 2021. Married more than 30 years, we have two children, both of whom reside in metro Atlanta.

A CPA by training, I recently retired as Vice President of Global Real Estate at UPS, a role I held for more than a decade. I managed a $17 billion portfolio of more than 4,100 properties, over 155 million square feet, in more than 200 countries and territories. I led all real estate matters for every business unit and region, including development, acquisitions, dispositions and negotiations, and worked regularly with government authorities, developers and communities to win support and approval for major projects.

Since 2015, I have served as Chairman, Fulton Perimeter Community Improvement District, a bridge between government, developers and the business community that speeds needed infrastructure and transportation projects. I work directly with Sandy Springs, Brookhaven and Dunwoody on community improvement projects.

The decision ahead on our Right of First Refusal is a real estate decision. It calls for real estate experience at the negotiating table and an owner vote. I want to help improve, protect and increase the value of our community, and I would be honored to earn your vote.
